ORM, MVC, Middleware, GitHub,  
Travis CI, Kanban, Visual Studio  
Code, DBeaver, Chrome  
Developer Tools, Markdown

## PROFILE

Hello, my name is Mike Gonzalez. I completed my education for Full Stack Web Development at UCF. After exposure to many different web development technologies, I have found my new passion in life. There is nothing better than being faced with a challenge and having the skill set and creativity to solve it. I was formally taught the MERN stack along with other popular technologies and libraries, but I continue to grow my toolbox with Udemy and Pluralsight classes.

Before deciding to become a developer, I was a Chef which led me into Food Sales. These jobs were great and taught me a lot about teamwork, time management, and goal setting. But at the end of the day these jobs lacked the challenge that coding brings. With the skills I've gained, my strong work ethic, and desire to never stop learning, it's time for my new conquest.

## PROFESSIONAL EXPERIENCE

### WEB DEVELOPER

*Freelance // Orlando, FL // 2018 – Present*

While transitioning careers, I have been taking on any pro bono opportunities to increase my skills.

- Currently assisting the UCF College of Medicine. Rolling out a new version of OpenMRS for the Apopka Free Clinic.
  - Program does not meet all their needs, so it will be refactored with combination of HTML, CSS, and JavaScript.
  - Features a mySQL database

### OUTSIDE FOOD SALES REPRESENTATIVE

*NuVista Foods Group, INC // Tampa, FL // 2013 – 2018*

- Wholesale Food Distributor
- Responsible for client acquisition, invoice creation, account maintenance, product demonstration, customer service, etc....

### ASSISTANT KITCHEN MANAGER

*Affordable Catering // Tampa, FL // 2012 – 2014*

- Catering company specializing in weddings and corporate events.
- Responsible for scheduling, ordering, inventory, and execution of events off site.
